

Project Manager / Architect

AL : A armando lopez architecture, a small, progressive design firm is seeking a Project Manager / Architect with a passion for great “design”, its execution and the craft of construction. We are located in the “up and coming” heart of downtown Las Cruces.

Qualified candidates should possess the following:

- An NAAB accredited First Professional Degree equivalent to a Bachelor of Architecture or Master of Architecture
- The candidate must be a licensed architect or on a direct track to licensure
- LEED AP certification or on a direct track to certification
- An inherent curiosity and motivation to always continue learning within the complexities of the building design and construction process
- Strong project management skills for an efficient workflow and the ability to multi-task and work on multiple projects and design phases simultaneously
- Broad experience in relation to the Pre-Design, Schematic Design, Design Development, Construction Documents and Construction Administration phases
- Strong verbal communication skills, **a sense of humor** and a desire to contribute to a small, dynamic design firm
- High proficiency with Revit and Autocad to execute and complete the work
- Proficiency with Sketchup, Photoshop, Illustrator
- Proficiency with Microsoft applications

Please send CV / resume, project portfolio (pdf or web-link) and pdf CD samples (plans, sections, details - no more than 10mb)

Send to: armando@alopezarc.com and write “project manager” in the subject line
