

Vigil & Associates Architectural Group is seeking a motivated and creative Intern Architect to join our team. Our ideal candidate will be an active participant in project teams on projects of various types and sizes and will be provided opportunities for many aspects of professional growth and experience.

Position requirements:

- Bachelors of Architecture Degree – Masters preferred
- 2+ years of experience
- Rendering and presentation material preparation
- Experience with SketchUp, Revit, AutoCAD
- Familiarity with construction document production, construction methodologies and building codes is beneficial

We offer competitive benefits and perks in an open and collaborative work environment. A diverse staff can provide support in professional development and on your path to licensure.

Please send your resume along with a letter of interest and a small sample portfolio (or any questions) to careers@va-architects.com.
